# Skin boosters (PROFHILO®/ JUVÉDERM-VOLITE)

---

Deep hydration, hydration boost, firming & tightening, collagen boost.

## PROFHILO®

Ultra-pure hyaluronic acid is precisely injected into the area being treated to rejuvenate and plump the skin. Unlike wrinkle reducing and dermal filler treatments, Profhilo® spreads evenly across the skin, and stimulates **collagen** and **elastin**, deeply hydrate and improve the natural elasticity of the skin.

**Treatment:** 2 treatments recommended, 4 weeks apart.

While you may see an improvement immediately after the first treatment, the best results are visible around 4 weeks after the second treatment. Results should last around 6 months after 2 sessions.

Profhilo 1 session	£250
Profhilo 2 sessions	£350

## JUVÉDERM-VOLITE

Juvéderm Volite skin booster is the latest range of hyaluronic acid skin booster launched by Juvéderm. It is an innovative hyaluronic acid product designed to improve skin hydration, skin elasticity, and nourish the skin from the inside out for up to 9 months.

Juvéderm Volite, requires only 1 injection session and long-lasting results after one procedure. This translates to more convenience, less downtime, and longer lasting results. Unlike Profhilo, it can be used around the eye area and forehead.

Volite 1 syringe	£250
Volite 2 syringes	£350

# Polynucleotides

---

**Polynucleotides** boost collagen production and elastin. Enhancing skin hydration, circulation, and overall skin quality.

Face/ Under eyes/ Hair lines

## **Nucleofill**

They are genetic strands taken from salmon fish which are injected as a clear liquid for aesthetic purposes to regenerate the skin. Improves the skin quality on a cellular level and can be used to hydrate the skin, treat dark under-eye circles, treat fine lines around the eyes and lips, rejuvenate scars or improve overall texture to give skin a healthy glow.

**Treatment around eyes:** 4 sessions; 1st 2 sessions 2 weeks apart, followed by another 2 sessions, 3 weeks apart. Suggested maintenance session once every 3 months.

**Treatment on lower faces:** 4 sessions, 2 weeks apart

1 session	<b>£200</b>
2 sessions	<b>£380</b>
3 sessions	<b>£510</b>
4 sessions	<b>£640</b>

## **Lumi Eyes**

Dermaren Lumi Eyes is a tissue stimulator designed for needle mesotherapy treatments around the eyes and the tear valley with a filling effect. The effect of the treatment is intense hydration. Other benefits include revitalization, anti-ageing and skin improvement

Indication: Lumi Eyes moisturizes the tissues, enhances the trophism of the skin and improves turgidity, elasticity and tonicity of the under eye skin

A course of 3-4 treatment spaced around 4 weeks apart is usually recommended for best results. The number of sessions varies depending on their goals.

1 session	<b>£120</b>
3 sessions	<b>£250</b>
